Ms. Raineri,

I want to thank you and Keith for the presentation the two of you gave to our group this past Monday. It is clear that you are very knowledgeable of what's going on in the real world and we appreciate the examples you were able to share. Everyone I spoke to loved the passion you bring to the podium and were equally impressed of the humor you could find in what otherwise could be considered really dismal situations.

If possible could we have permission to post your presentation on our website as reference for our members that were not able to attend?

Again thanks for sharing some of your expertise with us. If at any time in the future you have any subjects that you feel would be worth sharing with our group please let me know. We would greatly enjoy having you back.

Sincerely,

Ed Price, Santa Barbara County
